

## How to backup a two-way device on Flex PC Partner

Flex PC Partner is only compatible with the Pagewriter series containing the Flex operating system.

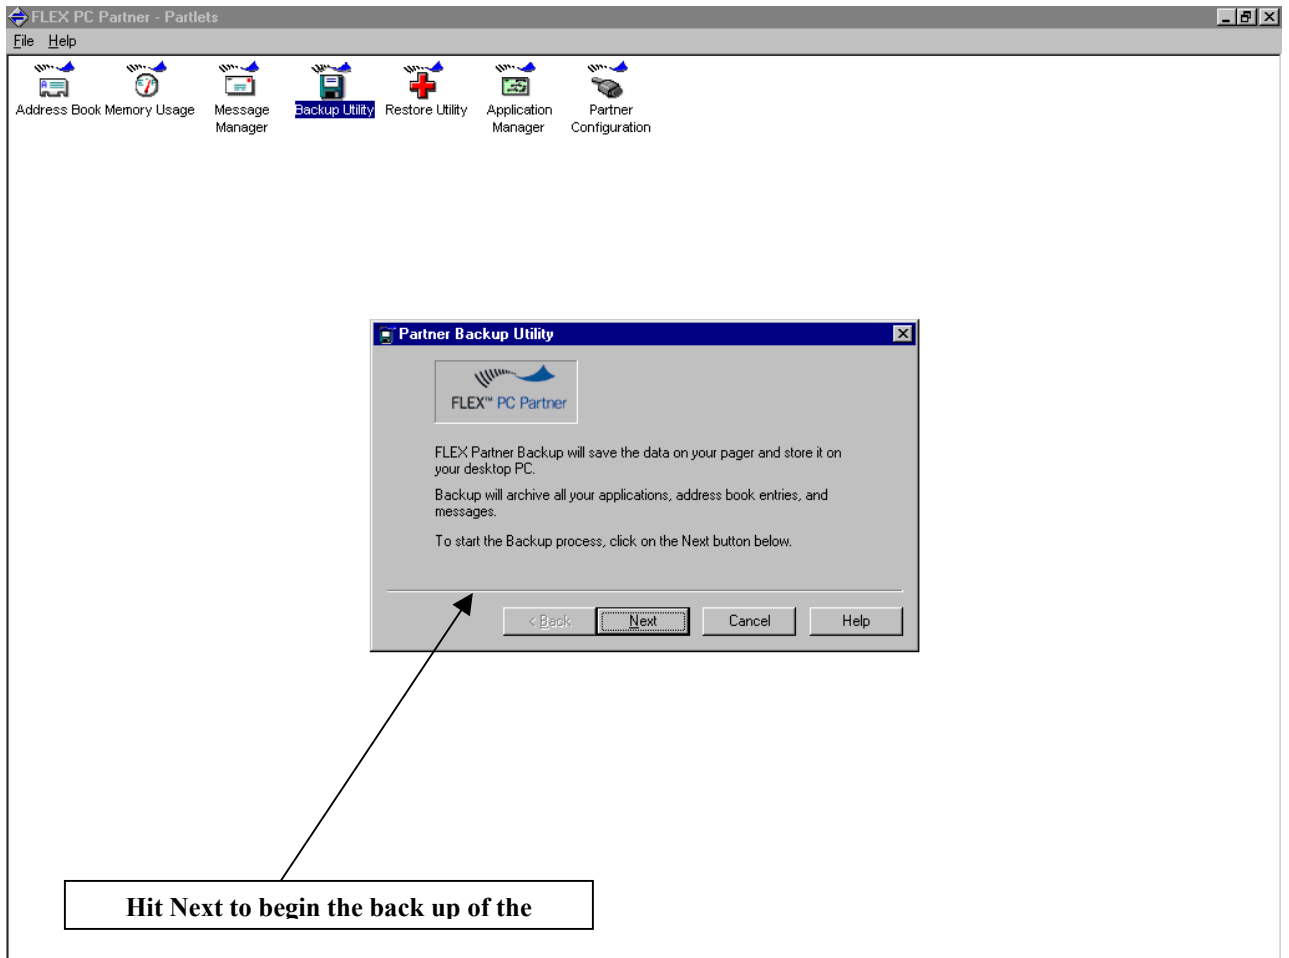

**Flex PC Partner**

Flex PC Partner Screen (Back Up Utility)

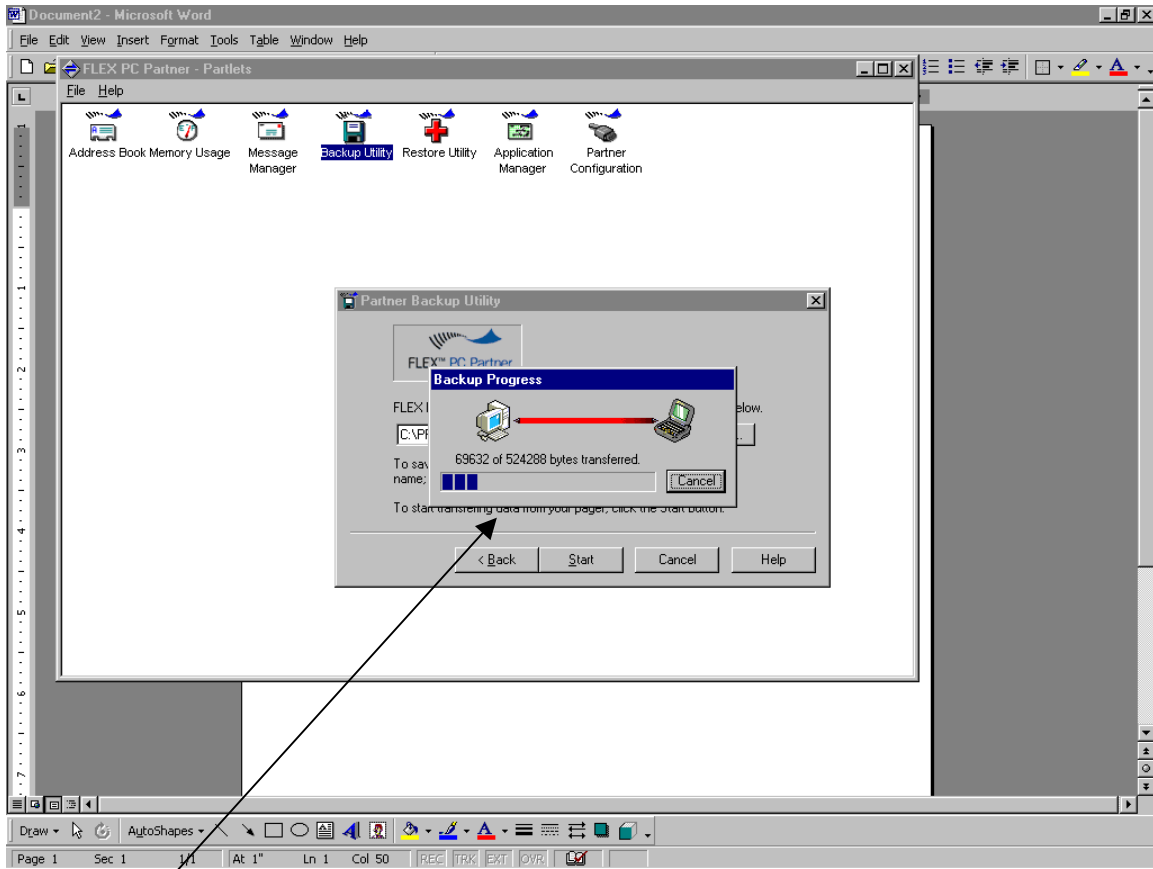

Selecting the Back Up Utility

Before Selecting next the user will need to have the pager in partner mode.  
Have the customer select the partner option on the pager.  
Once selecting the partner mode they will then press enter while CONNECT is highlight.  
Once the user sees Waiting to Connect... Have them select next.

Backing Up the Device.

**Backing Up the Device.**

Customer is now backing up their device.
