

MOTOROLA SLVR

Fine tune your mobile phone experience with the Motorola SLVR – the ultimate in sleek, super slim mobile craftsmanship. Bluetooth® wireless technology provides hands-free connections and Push-to-Talk (PTT)** connects you to work groups and friends with supreme ease. For fun, capture and view still and moving images, which come to life on the mobile's spacious color screen. With up to 512 megabytes (MB) of TransFlash™ expandable memory, it's easy to store favorite multimedia files – the possibilities are endless. But, your mobile phone choice is clear.

Biz Whiz

When it's time to work, utilize the mobile's speakerphone for conference calls on the go. The Motorola SLVR features SCREEN3, an innovative technology solution from Motorola that gives you zero-click access to news, sports, entertainment, and other premium content directly from your mobile device home screen – no buttons to push, no browsers to launch. Motorola's SCREEN3 puts fresh content at your fingertips. And, be sure to stay in sync – Bluetooth technology provides wire-free connections to compatible Bluetooth-enabled PCs and PDAs for simple sharing of calendars, contacts and more.

Save It & Play It

Capture events in real time with video and audio and then share with friends and family via Multimedia Messaging Service (MMS)*. This savvy mobile is more than just a productivity tool – use it as your vehicle for self-expression. Ultra thin is in.

The Motorola SLVR is expected to be available in Q3 2005. For more information on pricing and product availability in your region, please check with your local Motorola representative.

* Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or their network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality and other product specifications are based upon the latest available information and are believed to be accurate; however such product specifications are subject to change without notice or obligation. **Push to Talk ("PTT") and the other features indicated are network and subscription dependent features, and are not available in all areas. PTT connectivity requires PTT compatible phones.
