

## **RAZRWIRE**

Fusing high-fashion and high-technology with innovation and intelligence, the new RAZRWIRE takes active-wear to a new level. By embedding a Motorola Bluetooth® wireless headset into stylish Oakley sunglasses, RAZRWIRE lets image-conscious consumers experience hands-free, cable-free connections to Bluetooth-enabled mobile phones or other compatible devices. Enjoy conversations while navigating life's many adventures in style with the new RAZRWIRE.

### **Standout Style**

With the development of RAZRWIRE, Oakley has expanded its leadership position in performance eyewear as well as the company's role as a leading luxury and lifestyle brand. By combining Oakley's powerful design philosophy with Motorola's award-winning technology, RAZRWIRE is one fashionable, yet functional statement – changing mobile technology forever.

### **Get Free**

With the convenience of Bluetooth wireless technology, active consumers and techno-enthusiasts sporting the RAZRWIRE can connect with other Bluetooth-enabled PCs, PDAs and mobile phones with seamless ease. The sunglasses deliver all of the benefits of a traditional Bluetooth headset, ensuring that optimal performance is not compromised. Now that's wearable wireless.

### **Keep It Up**

The RAZRWIRE design is sleek and compact, yet talk times can last up to 6 hours. Stay wirelessly connected while running, biking, and rowing – you name it. RAZRWIRE keeps up with the most extreme lifestyles.
