

MOTOROKR™ E6

The MOTOROKR E6 is the ideal mobile device for classy professionals who wish to balance business efficiency with portable entertainment. The quintessential blend of form and function, the MOTOROKR E6 is compact in size and jam-packed with features. Dedicated music keys, expandable memory, movie watching¹ and making capabilities, arm users with an arsenal of entertainment options. The sleek device doesn't stop there – combined with the business tools necessary in rapidly growing markets is just the beginning. Engineered with over-achieving prosumers in mind, the MOTOROKR E6 is the perfect complement to fast-living individuals.

LOSE THE BULK

Featuring a slim *and* narrow form, the MOTOROKR E6 is a premium entertainment PDA elegantly designed for the market. The MOTOROKR E6's consolidated features allow for image-conscious professionals to eliminate the need to clip papers, cell phones and PDAs to their belts.

OPPORTUNITY KNOCKS

Opportunists rejoice. This amazing entertainment PDA allows you to easily access all of your favorite files with the touch of a finger via the large touch screen. Capture the moment without compromising on quality, using its 2 megapixel camera with 8 x digital zoom. Watch your favorite movie on your next business trip or relive exciting moments you captured with up to *five hours* of MPEG4 video clips thanks to a removable memory card slot that can hold up to 2GB worth of footage. The powerful PDA function allows you to easily manage your schedule, check e-mail¹ and view documents in and out of the office.

MUSIC TO YOUR EARS

Relish in the pleasure of listening to your favorite music or radio show on your commute home – even in the heaviest traffic. An integrated MP3, dedicated music keys and up to 2GB of storage allow you to listen to your favorite tracks for up to *14 hours*.² Whatever your musical preference may be, the MOTOROKR E6 offers a unique, convenient and high quality listening experience for on-the-go professionals. Whether you prefer smooth jazz or heavy metal, you can now sync your music collection and playlist via RealPlayer on your PC or get your favorite music from any online store. At home and need to be hands-free? Listen to your songs in crisp, clear quality with integrated stereo Bluetooth[®] wireless technology³.
