

Motorola Phone-Based Navigation System T805 featuring MOTONAV

Revolutionize your travel experience with the Motorola Phone-based Navigation System T805 with MOTONAV. The Motorola T805 uses state-of-the-art Bluetooth® wireless technology to add satellite navigation to your compatible Bluetooth enabled phone so you'll never have a reason to get lost again.¹ Precise location, maps on screen, and turn-by-turn spoken and visual directions to any destination make this portable system a must have for pedestrians and motorists alike. The T805 GPS receiver is so compact it will fit right into your pocket.

Full In-Box

With the Motorola T805, never worry about purchasing unnecessary accessories. Included in box is a car charger, cell phone mount, visor clip, dash mount, and 12-month MOTONAV national subscription that includes up-to-date online maps. Just add the compatible Bluetooth enabled phone, trash your old maps...and go!¹

Easy Directions

The Motorola T805 uses MOTONAV to send you from Point A to Point B with easy to follow, turn-by-turn directions. The map on the phone screen reorients, zooms, and moves to show exact location, direction, and next turn. Each direction is spoken to you through the phone's speaker,, so you'll never need to take your eyes off the road. You'll stay on route and on time with GPS accuracy and satellite-based positioning for precise location. Missed a turn? The Motorola T805 will immediately recalculate your trajectory and get you back on track. Hungry? Search for local points of interest as your end destination or throughout your route.

Compact Companion

The Motorola T805 is easy to move from car to car, and is compact enough to fit into a pocket or purse. It also works with most Bluetooth enabled phones.¹ The Motorola T805's sleek design and pocket-sized form make it a necessity for drivers and pedestrians alike.
