

MOTOROLA EH70 Stereo Headset

For the discerning music listener who appreciates an in-ear headset with outstanding quality sound, the Motorola EH70 Stereo Headset delivers premium design and superb function with a discreet microphone for taking calls.

First Rate Sound

The EH70 is an in-ear stereo headset with the very latest technology. Neodymium rare-earth magnets, composite diaphragm, copper coated aluminum wire voice-coil and an acoustic design for speakers deliver rich sound quality with full-range frequency response and low distortion. Interchangeable ear tips give users the perfect in-ear fit for superb clarity and comfort.

Clear Calls

The EH70 headset provides consumers with high-quality sound and powerful microphone performance. Noise-isolation design reduces background noise by greater than 25dB, keeping outside noise in check and making it easier to hear and be heard.

Elegant Design for the Discerning Consumer

Crafted from stainless steel with a high polish finish, the EH70 is sleek and stylish. The elegant size and shape are small enough to remain discreet, while providing a touch of glamour to the listening experience. Outfitted with multiple ear-tips and a modern design, the EH70 feels as good as it looks.

Extended Possibilities

The versatile EH70 can be used with a wide range of MP3 players and mobile devices. The headset works with any MP3 player and mobile phone with a standard 3.5mm stereo headphone jack.
