

**MOTOROKR™ EQ3 Compact Foldable Speaker**

Bring the fun along, and enjoy your music out loud – anywhere – with this compact folding speaker. The newest addition to Motorola’s music-focused ROKR™ portfolio, MOTOROKR EQ3 offers rich sound in a compact design, turning your mobile device into a stereo experience.

**Portable Fun**

The EQ3 is the perfect sound companion for mobile music devices. Its lightweight and compact foldable design enables easy carrying for instant music, out loud, anywhere. Powered by four AAA batteries (included), the EQ3 gets the party going for up to 12 hours. With a universal 3.5mm plug, which stores conveniently in the speaker, it works with almost any music player.

The EQ3 also features an extension cable that has been optimized for FM radio to help ensure clear reception when connected with radio-ready devices. Whether packed in a suitcase or carried by hand, EQ3 lets consumers enjoy their mobile playlists with stereo sound wherever they are.

**Rich Sound in a Compact Size**

Simply plug a music-optimized mobile phone or MP3-player in to the speaker and become immersed in rich, stereo sound. High-excursion drivers, neodymium magnets and ferrofluid cooling help deliver smooth frequency response and a dynamic punch in a petite, portable package.
