

# Software upgrade for Motorola DEFY™ (34.177.3)

## Introduction

This is a software upgrade for Motorola DEFY users who are currently using Android™ 2.1 (Eclair) software versions. The 34.177.3 upgrade for Motorola DEFY provides new features from Android 2.2 (Froyo) plus additional improvements.

## Who can use this release

All Retail Motorola DEFY users in the UK.

## Android 2.2 (Froyo) highlights

<b>Phone speed and performance</b>	The performance of the phone has been enhanced resulting in faster user interface, application operation and web browsing.
<b>Adobe Flash Player 10.1</b>	Your device now supports Adobe® Flash® Player 10.1, allowing access to rich web content and games. Adobe Flash Player 10.1 is installed along with this upgrade.
<b>App storage and updating</b>	Applications can now be stored on the device's microSD card. Additionally, apps can be set to automatically updated by ticking "allow automatic updating" under each app's page in Android Market.
<b>Digital keyboard</b>	Added punctuation to the suggestion ribbon

## Additional highlights of the upgrade

<b>Profiles</b>	Added profiles feature that provides three customisable sets of home screens to give you access to the apps, shortcuts and widgets you want, when you need them.
<b>Dialler search</b>	Phone numbers and contacts can now be searched from the dialler screen by entering the first few letters of the contact's name or first few digits of the contact's number.
<b>Task manager</b>	Added Task manager app to assist with managing apps
<b>LinkedIn</b>	LinkedIn social network accounts can now be added to integrate with contacts, social networking updates and messaging
<b>Security</b>	Added security features, including Exchange-based encryption and password security
<b>Gallery</b>	Updated the design of the user interface

## Instructions for installing the software

For a successful installation, we recommend installing these updates while the battery in your phone is at least 50% charged. Make sure you have an active SIM card installed in your phone.

Go to [www.motorola.com/update](http://www.motorola.com/update) for instructions on how to download the software update

If you have difficulty with this update, visit <http://www.motorola.com/mydefy>.
