For more information on Motorola support for the Motorola Milestone, visit us at [www.motorola.com/mymilestone](http://www.motorola.com/mymilestone).

Additional Milestone support can be found at <http://www.motorola.com/Support/GB-EN/Country-Selector/Milestone>.

## **Who can use this Release**

ALL Motorola Milestone users

After downloading and installing the Android 2.2 (Froyo) software release, you will enjoy:

### **Enhancements:**

- Improved Web browsing with support for Adobe® Flash® Player 10.1, currently available for download via Android Market
- Enhanced browser performance for faster loading of JavaScript heavy pages.
- New security options including remote wipe and device lock, complex password, and minimum password length.
- 3G Mobile Hotspot connectivity.
- New tips, shortcuts, and assistance from a home-screen widget help users better navigate their phones.
- Easily switch between the eight most recently used applications.
- Improved Wi-Fi performance and connectivity.
- Rotate the screen 270 degrees to work with compatible apps in any direction.
- Preserve apps and settings using Google Backup and Restore.
- Downloaded apps can now be automatically updated and you can choose to store applications in the device's memory or on a SD card.

### **Improvements:**

- Management of password policies for Microsoft Exchange administrators across all devices.
- Increased ring and notification volume.
- Edit recurring Corporate Calendar meetings with a large number of invitees.
- Improved Hotmail® sync for accounts with a large number of emails.
- Streamlined efficiency in Microsoft Exchange Active Sync®

## **Improve your communication with smarter functions from Android 2.2**

- Android 2.2 boosts mobile organization and response time.
- And now Microsoft Exchange administrators can manage password policies across all devices, making sure company information stays secure and safe. Android 2.2 now supports Exchange calendars in the Calendar application.
