

motorola H375

Quick Start Guide

BEFORE YOU BEGIN

Before using this product, read the Important Safety and Legal Information pamphlet and follow its instructions.

Take a moment before you get started to familiarize yourself with your new H375 Headset.

1

CHARGE Your Headset's Battery

- 1 Plug the Motorola charger into the end of the headset.

The indicator light turns on when the battery is charging. It may take up to 30 seconds for the light to turn on. When the headset's battery is fully charged (about 3 hours), the indicator light is steadily lit in blue.

- 2 Unplug the charger from the headset.

Note: Headset is not functional while charging.

2

START BLUETOOTH FEATURE

Your Phone

Your phone's Bluetooth® feature is off by default. To use your headset, you must turn on the Bluetooth feature in your phone.

For most Motorola phones (at the main menu):

- 1 Press **[Menu]** (**Menu**) > **Settings** > **Connection** > **Bluetooth Link** > **Setup**.
- 2 Scroll to **Power**.
- 3 Select **Change**.
- 4 Scroll to **On**.
- 5 Press **Select** to turn on the Bluetooth feature. The Bluetooth feature remains on until you turn the feature off.

Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

3

PAIR Your Headset

Before you can use your headset, you must pair (link) it with your phone.

Step A - ENSURE HEADSET IS IN PAIRING MODE

Power on headset by pressing the Power button to initiate easy pairing. After a few moments, the indicator light will be steadily lit in blue to indicate headset is in pairing mode.

If the headset does not enter pairing mode, see **TROUBLESHOOTING** for help.

3

PAIR *CONTINUED* Your Phone

Step B - SET YOUR PHONE TO LOOK FOR YOUR HEADSET

For most Motorola phones:

- 1 On your Motorola phone, press  (Menu) > **Settings** > **Connection** > **Bluetooth Link** > **Handsfree** > **Look for Devices**.

The phone lists Bluetooth devices it finds.

- 2 Select **Motorola H375**.
- 3 Select **OK** or **Yes** to pair your headset with your phone.
- 4 Enter the passkey: **0000**
- 5 Select **OK**.

When your headset successfully pairs with your phone, the indicator light flashes purple and blue.

Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

4

TEST AND USE

Your phone and headset are now paired and connected to make and receive calls. To make a call:

- 1 Place headset ear bud on your ear with the earhook also securely fitted over your ear.
- 2 On the phone, dial the number you want to call and press **SEND** key on your phone.
- 3 If your phone and headset are successfully paired, you will hear ringing on the headset.

After you have successfully paired your phone and headset, you don't need to repeat these steps. For daily use, ensure that your headset is turned ON and that your phone's Bluetooth feature is ON.

To save battery power, turn OFF the headset when you don't use it for an extended time by pressing and holding the Power button.

USING YOUR H375

See
**Features and
Functions Guide**
on the reverse side
for information on
using your H375

TROUBLESHOOTING

My headset will not enter pairing mode.

Make sure that any devices previously paired with the headset are turned off. If the indicator light is not steadily lit in blue, first turn off the other device, then turn your headset off and on. The indicator light becomes steadily lit in blue indicating the headset is now in pairing mode.

My phone doesn't find my headset.

Make sure the indicator light on your headset is on (lit in blue) and steady when your phone is searching for devices (see step 3).

My headset worked before but now it's not working.

Make sure your phone is on and the Bluetooth feature is turned on in your phone (see step 2). If the Bluetooth feature was turned off or was turned on only temporarily, you may need to restart the Bluetooth feature (see step 2) and pair your phone and headset again (see step 3).

Features and Functions Guide

IMPORTANT:

Be sure to first follow the **Quick Start Guide** on the reverse side of this guide to complete initial setup of your H375.

TURNING HEADSET ON AND OFF

To turn your headset on, press and hold the Power button until the indicator light flashes.

To turn your headset off, press and hold the Power button until the indicator light flashes rapidly and then turns off.

WEARING THE HEADSET

Your H375 headset is supplied with both round- and oval-shaped earbuds to provide personal choice for maximum comfort. The earbud is fitted onto the end of your headset's earpiece speaker, and placed onto your ear when using your headset as shown.

To wear your headset, flex the earhook and loop it over your ear as shown.

CHANGING FOR USE ON OTHER EAR

You can wear your H375 headset on your left or right ear. The headset comes ready for the right ear. To change the headset for the left ear:

- 1 Firmly lift and pull the top of the earhook up and off speaker stem as shown.

- 2 Flip the headset over.

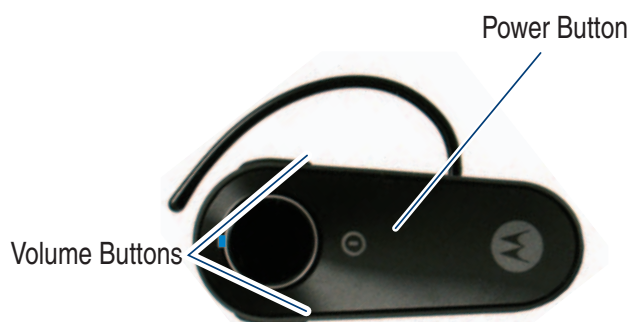

- 3 Firmly attach the earhook to the speaker stem as shown.

CHANGING VOLUME BUTTON ORIENTATION

You can also change the orientation of the volume buttons on your headset.

- 1 Turn the headset power off.
- 2 Press and hold the Volume button you want to assign as the "volume up" button and the Power button to power on the headset. The indicator light flashes three times in blue.

European Union Directives Conformance Statement

 Hereby, Motorola declares that this product is in compliance with:

- The essential requirements and other relevant provisions of Directive 1999/5/EC.
- All other relevant EU Directives.

IMEI: 350034/40/394721/9

Type: MC2-41H14

Product
Approval
Number

The above gives an example of a typical Product Approval Number.

You can view your product's Declaration of Conformity (DoC) to Directive 1999/5/EC (to R&TTE Directive) at www.motorola.com/rtte. To find your DoC, enter the product Approval Number from your product's label in the "Search" bar on the web site.

MAKING CALLS

Function	Action
Make a voice dial call	Tap the Call button and speak the name after the tone
End a call	Tap the Call button
Answer a call	Tap the Call button
Ignore a call	Press and hold either Volume button until incoming call stops ringing
Redial last call	Press and hold the Call button for at least 2 seconds until you hear a beep
Mute or unmute a call	Tap both Volume buttons

Note: Some features are phone/network dependent.

Note: Your H375 supports both Handsfree and Headset Profiles. Accessing call functions depends upon which profile your phone supports. See your phone's user's guide for more information.

CHECKING BATTERY LEVEL

To check battery level while headset is powered on, press and hold both volume buttons for 5 seconds until you hear a beep. The indicator light displays the following charge status for a few seconds.

Indicator Light	Charge Level
Red	Battery at less than 10% charge
Purple	Battery at between 10% and 80% charge
Blue	Battery at more than 80% charge

CHARGING STATUS

With the Charger Plugged In

Indicator Light	Charge Status
Red	Charging (battery level less than 10% charge)
Purple	Charging (battery level more than 10% charge)
Blue	Charging complete

OPERATING STATUS

With No Charger Plugged In

Indicator Light	Headset Status
Off	Power off
Three blue flashes	Powering on/off
Steady blue	Pairing mode
Rapid blue/purple flashes	Pairing/connect successful
Quick blue flash	Incoming/outgoing call
Slow blue flash	Connected (on a call)/ Standby (not on a call)
Slow red flash	Idle (not connected to phone)
Slow purple flash	Connected call muted
Quick red flash	Low battery

Note: After 30 minutes on a call or of inactivity, the light stops flashing to conserve power, but the headset remains on.

AUDIO TONES

Audio Tone	Headset Status
Ascending tone	Powering on
Descending tone	Powering off
Two ascending tones	Pairing successful
Ring tone	Incoming call
Two short tones when pressing Volume button	Volume at minimum or maximum
High/low tones repeated every 60 sec.	Low battery
No audio indications; deteriorating quality	Out of range
Three ascending tones	Connected call
Three descending tones	Ended call
Two rapid ascending tones	Mute enabled
Two rapid descending tones	Mute disabled
