### **Who Can Use This Release**

ALL Motorola DROID R2-D2 users. After downloading and installing the software release, you will notice the following enhancements:

#### **Enhancements:**

##### **+ Download Manager App:**

New App to manage all of your downloads from web browsing, email attachments and other apps.

##### **+ App and Power Management Details:**

Under Manage Applications, a new "Running" tab displays a list of active applications and the storage and memory being used by each.

##### **+ Multi-Touch Key-Chording:**

New ability to enter numbers and symbols with keyboard shortcut combos, instead of having to change to the numeric keyboard mode.

##### **+ Improved Word Selection and Copy Functionality:**

New capability to select a word via press-hold. A second press of the selected word copies the selected characters.

##### **+ New User Interface and Color Scheme:**

New widgets, icons and screens with refreshed colors.

##### **+ Dock Icons:**

Static Phone, App Launcher and Contacts icons are replaced within a customizable dock. Three swappable icons and the App Launcher icon are fixed to the Dock at the bottom of all home screen panels for easy and instant access.

##### **+ App Groups:**

New App Menu allows creation of custom app groups, in addition to 3 default groups: All Apps, Recent and Downloaded.

##### **+ Security:**

Added Device and SD Card encryption. VPN enhancements integrate IPSec VPN clients into device security settings.

#### + Updated Calendar Options:

- Display Calendar and event times in your home time zone when traveling.
- Dismiss individual reminders, such as dismissing one meeting reminder without dismissing other meeting reminders.
- Easy conference dialing – simply dial and automatically enter a conference code directly from your Calendar.
