

ANDROID 2.1 Software Release Notes

Introduction

From time-to-time, Motorola releases updates to enhance the overall performance of its phones. The Android 2.1 software upgrade for DROID by Motorola provides new multimedia features, exciting new widgets, and a security upgrade.

We encourage you to immediately install this latest software update once you receive the notification on your device. This will ensure optimal performance of your DROID by Motorola.

For more information on Android updates, visit us at www.motorola.com.

Who Can Use This Release

All DROID by Motorola users.

DROID by Motorola users will receive a notification to install this update (and will continue to receive these notices periodically until installation is complete). NOTE: Turning your device off and on will automatically launch the upgrade installation.

After downloading and installing Android 2.1 software release, you will notice:

Pinch to Zoom	Enjoy pinch to zoom functionality for web browsing, plus the Gallery and Google Maps applications
Speech to Text	<u>Speech to Text</u> : You can now speak in plain English instead of typing, whenever a text-entry box appears on your Android device. Simply press the microphone key on the virtual keyboard and dictate your phrase.
New photo gallery	The photo gallery now offers a whole new way to enjoy your phone's multimedia features. With new gallery, all of your photos, videos, album art and images from your device and Picasa Web albums account online are displayed in layered stacks that gently move as the phone is tilted. Scrolling through and choosing media has never been easier. With the new gallery simply use your finger to scroll through thumbnail versions of all your photos, videos and albums - and when you find one you want - simply tap the image to select it for viewing or playback. You can share pics (by long-pressing a photo) on Facebook, Picasa, Email, Bluetooth or MMS. You can even choose to share individual or groups of photos.
Live Wallpapers	Live Wallpapers offer richer, animated, interactive backgrounds on the home screen.
News and Weather App and Widget	The News and Weather app pulls information from the web and brings it to your fingertips. Weather forecast for your area based on your location and it pulls news headlines on the topics you care about most. You can also add the feed as widget to your home screen.
Google Maps Updates	<u>Personalized suggestions</u> : Google Maps on your Android device suggests (autocompletes) locations based on your personal search history on maps.google.com <u>Night mode</u> : automatically changes your screen at night for easier viewing and driving <u>Sync with desktop</u> : synchronizes starred items between Google Maps on your

	Android device and maps.google.com. Sync and personalized features require a user to be logged in to myGoogle account while on maps.google.com
Enhanced Music Application	New tabs at the top of your music player for easier access and navigation to your favorite artist, songs, albums and playlists.
Google Goggles App	Google Goggles App allows you to snap a picture to start a Google search. It can also "read" photos of business cards and add them to your contacts. Even cooler, it displays information about your environment such as things like stores and restaurants around you.
Other Enhancements	<u>Security</u> : Prevents unauthorized pattern lock bypass <u>Battery life</u> : ongoing battery life optimization <u>Email account removal</u> : Improvements to manual removal of email accounts

Additional Information

- For a successful installation, we recommend installing these updates while the battery in your phone is fully charged.
- How installation works:
 - Once upgrade message appears on notification you can either choose to "accept" or "postpone".
 - Once you "accept" the update, your phone will download the new 2.1 Android software. When "download is complete" message appears, your device will reset. This process typically takes a few minutes.

Note: You will not be able place or receive calls during upgrade installation

- If you have difficulty with this update, visit us at www.motorola.com/support or www.motorola.com/mydroid to get help from other owners on our online community at <https://supportforums.motorola.com>. For more information on the product visit www.motorola.com/droid
- There is no charge for this upgrade, other than the usual connection costs.

Certain features, services and applications are network dependent and may not be available in all areas; additional terms, conditions and/or charges may apply.. Specific functionality and features with each software version of Android may vary. Contact your service provider for details.
