

## CALL MANAGEMENT

### VOICE ACTIVATION

To Activate Name Dialing, press the Voice Activation Key, say the entry Voice Name as was initially recorded clearly into the microphone, the phone repeats the Voice Name and automatically dials the associated number.

#### Voice Activated Number Dialing

Press Voice Key twice and say the phone number (initial recording is not required). The phone repeats the Number and Automatically dials.

#### Voice Activated Speed Dial

Press Voice Key twice, say "pound" and then say the digits of the phonebook entry's location as saved in the phonebook memory (see Phonebook Memory).

## ADDITIONAL FEATURES

### LOCK & UNLOCK PHONE

To manually lock your phone: Press Menu - settings - security - phone lock - lock now - unlock code (1234).  
To automatically lock your phone whenever you turn it OFF: Press menu - settings - security - phone lock automatic lock - on - unlock code (1234).

## ADDITIONAL FEATURES

### SHORTCUTS

#### Menu Shortcut

Select the item you want to assign the shortcut to; press and hold Menu Key until you are asked to confirm assignment of the shortcut; press Yes. Select Shortcut Name, assign Key for shortcut and then record a Voice Tag following the instructions.

To activate the shortcut press the Menu Key, then press the shortcut number or activate the shortcut by Voice command:

Press Menu Key and then press Voice Key. Say Shortcut Name as was initially recorded.

#### Soft/Home Keys Customization

To change the features assigned to the soft keys or to the navigation key in the home screen: Select Menu Key > Settings > Personalize > Homescreen > HomeKeys.

#### Speed Dial

Enter speed dial number as was assigned to the phonebook entry (see phonebook memory), press # and then press Send to dial.

### PHONEBOOK MEMORY

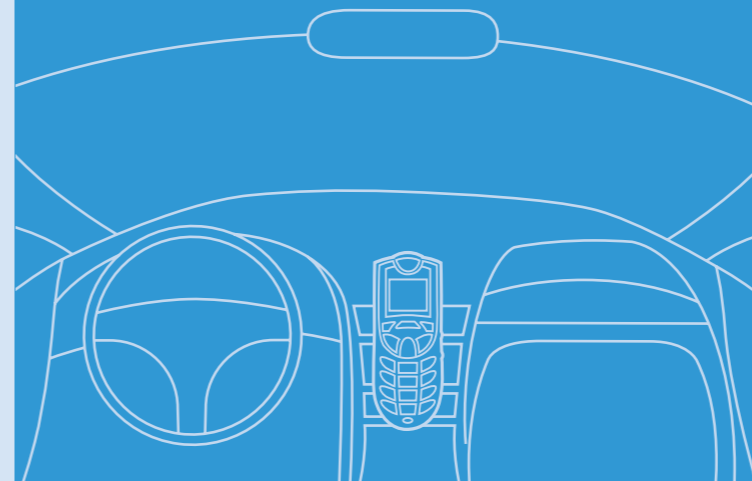

#### Storing a New Number

Enter the phone number and press Right Soft Key (Store) then scroll to select details: Name, Number, Speed Number and Storage location. Phone memory enables you to store more information than SIM memory such as Entry Type, Voice tags (for Voice Activation), Address and more. Press Left Soft Key (Done) to finish.

#### Advanced Phonebook Search

Enter Phonebook menu, enter character (s) and press Search.
