

## **Software Update for the Motorola XOOM™**

### **Introduction**

We are pleased to announce the new software update for the Motorola XOOM . The software update includes numerous enhancements. Install today for peak performance.

For more information on Motorola updates and product support, visit us at [www.motorola.com/myxoom](http://www.motorola.com/myxoom)

### **Who Can Use This Release**

ALL Motorola XOOM users.

After downloading and installing the software release, you will notice:

### **Enhancements:**

- support Adobe® Flash® Player 10.2 (download available starting March 18<sup>th</sup> via Android Market),
- improvements to daylight savings time

### **Additional Information**

You can receive the update over a 3G or a WiFi connection. If you are not connected via WiFi or 3G, or your Motorola XOOM is off when the notification arrives, you will see the notification when you next connect to a wireless network

There is no charge for this update other than the usual data connection charges. Subject to change without notice.

If you have difficulty with this update, visit us at [www.motorola.com/myxoom](http://www.motorola.com/myxoom) or [www.motorola.com/support](http://www.motorola.com/support) or to get help from other owners on our online community at <https://supportforums.motorola.com>.

Certain features, services and applications are network dependent and may not be available in all areas; additional terms, conditions and/or charges may apply. Specific functionality and features with each software version of Android may vary. Contact your service provider for details.
