

MOTOROLA SOLUTIONS ASSUMES RESPONSIBILITY FOR NORWAY'S NATIONWIDE TETRA NETWORK - NØDNETT

EFFECTIVE 27TH FEBRUARY 2012

Motorola Solutions has taken over the prime contractor role from Nokia Siemens Networks for Nødnett – the nationwide public safety TETRA network in Norway. The agreement to transfer the responsibility of the project was announced earlier this year on January 11th 2012.

All regulatory approvals, including Norwegian government approval, are in place. Motorola Solutions has assumed responsibility for the continued roll out implementation, and operation of the nationwide Nødnett network for Norway's public safety agencies with immediate effect.
