

Introducing the MC75

Worldwide Enterprise Digital Assistant

Recipe for a highly successful mobile workforce:

Take a record-breaking number of features. Place in a rugged design with a minimum footprint — and very competitive pricing. Place in the hands of your mobile workers. Wait a few days. And enjoy maximum workforce productivity.

Give your workers what they need to get the job done with the MC75:

- 3.5G HSDPA or EVDO Rev A worldwide voice and data
 - Integrated assisted and autonomous GPS for faster and more accurate positioning
 - Handset, headset and speakerphone modes
 - High resolution full VGA display
 - Color camera AND bar code scanner
 - 2 MP autofocus color camera
 - Maximum processing power
 - Five keypad options
 - IEEE 1725 compliance for the entire MC75 system — including all models, batteries and power-related accessories
 - 802.11a/b/g WLAN
 - Bluetooth
 - IrDA
- ...and more!

The MC75 from Motorola.
Everything your workers need to
get the job done right now.
